IMPORTANT TERMS DEFINED

CV = Commissionable Value

CV is the dollar amount paid for a product or service, minus the vendor cost and Agora's operating costs. This is the amount used to calculate commissions.

EXAMPLE:

Product/service sells for \$500
Vendor & operating costs: \$300
Remaining Commissionable Value (CV):
\$200

\$200 CV

↓
50% =
\$100
TO YOU
PER MONTH

TV = Team Value

TV is the total CV produced by you and your team (downline). It includes your personal sales (CV) plus the CV generated by your organization. TV is used to calculate your team commissions and determine your rank.

EXAMPLE:

Your team sells a total of \$2,000 in CV
You personally sell \$500 in CV
Total Team Value (TV): \$2,500

Your Downline
Team
\$2,000
Team CV
+
\$500
Personal CV

\$2,500 TV

IMPORTANT NOTE ABOUT CV AND TV:

CV and TV are **not the total gross sale amount**. They are the amounts allocated to the compensation plan on each sale. The CV and TV amounts can vary by product, as each product has a specific allocation set within the compensation plan.

REQUIREMENTS TO RECEIVE INCOME

- Keep your account in good standing and complete W-9 and Direct Deposit.

- ✓ Pools are non-cumulative (no retroactive payments).

If you achieve the rank of an RMA, NMA or EMA but do not meet the Bonus Pool requirements, you will keep your rank and title, but you will not receive a Bonus Pool payout. Bonus Pool payouts are only for those who qualify within the comp plan requirements that month.
